Intermediate Competitive "Rally-Ready"

Players in these groups can maintain a peer-to-peer rally and are developing concepts to improve physical execution, utilize strategy, and learn how to manage competition. A few of our offerings have age overlaps to give students options of selecting a group with players closer to their ages. Players in the orange and green ball classes may already be competing in USTA tournaments in these levels. All students at these levels are encouraged towards Junior Team Tennis. All classes must receive approval from the Director of Racquets (mmacvay@dsrcc.club) for entrance.

High School Pathway

These programs are for players currently on their middle school / high school teams who are looking to gain the skills to join their teams. The classes are designed to be inclusive and encourage players to continue a competitive pathway or jump into entry level competition. The typical student has played Junior Team Tennis or L7 tournaments but has yet to dive completely into a performance lifestyle. All classes must receive approval from the Director of Racquets (mmacvay@dsrcc.club) for entrance.

Yellow Ball Match Play

We will be offering a fully coached weekly match play for our Yellow Ball level participants. Each week will feature multiple rounds of up and down match play!
